

Provide First Aid HLTAID003

Information about this unit:

This unit of competency describes the skills and knowledge required to provide a first aid response to a casualty. The unit applies to all workers who may be required to provide a first aid response in a range of situations, include community and workplace settings.

Target audience:

Those who are required to provide an emergency first aid response in a workplace.

Prerequisite:

There are no prerequisites for this course.

Award issued:

Students who successfully complete this nationally recognised training will be awarded the statement of attainment for:

- HLTAID003 Provide first aid
- HLTAID001 Provide cardiopulmonary resuscitation
- HLTF311A Apply first aid

Initial Course duration:

Mixed Mode: Completion of pre-course study **plus** 5.5 hours practical training

Face to Face: Minimum of 8 hours face to face training

Refresher Course duration:

Mixed Mode: Completion pre-course study **plus** 4 hours practical training

Face to Face: 8 hours face to face training

Important information regarding course durations:

Course durations, as mentioned above, are reflective of group sizes of between 4 and 15 participants. If there are less students in a group, you may find course duration reduced. If a class size exceeds 15 participants it may therefore also be necessary to increase course duration depending on the number of participants.

Pre course study options:

There are a number of different options for completing the pre-course study;

- E-Book – the link is on the “courses” page of our website.

The pre course study includes a question paper consisting of 65 multi choice questions. You must take the completed paper with you to the training course
